

As we see a growing number of real-time updates from the media about the spread of the Novel Coronavirus (COVID-19), we highly recommend that all residents consult trusted and respected health sources to learn about the Coronavirus. These include the Centers for Disease Control (CDC) at www.cdc.gov and the World Health Organization (WHO) at www.who.int.

According to the CDC, the best way to prevent illness is to avoid being exposed to the virus. The CDC recommends everyday preventive actions to stay healthy and prevent the spread of respiratory diseases:

- The best way to prevent illness is to avoid being exposed to the virus.
- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose or mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue; then throw your tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Wash your hands often with soap and water for at least 20 seconds, especially after you have been in a public place and after blowing your nose, coughing or sneezing. Use sanitizer (at least 60% alcohol) when soap is not available.

The CDC has created posters, videos and fact sheets to educate us and help us contribute to prevention efforts:

<http://www.cdc.gov/nonpharmaceutical-interventions/tools-resources/educational-materials.html>

Reported symptoms of the Coronavirus can include a fever, cough, or shortness of breath and may appear in as few as 2 to 14 days following exposure. If you develop a cold or flu-like symptoms, especially after travelling, it is recommended to call your local healthcare provider for personalized expert attention.

At Vizcaya, we are taking the following precautionary steps to keep us healthy:

- Increased frequency in disinfecting and cleaning communal surfaces such as elevator buttons and restroom facilities.
- Starting now until April 30, the HOA will not be taking new reservations for use of the clubhouse, limiting mass gatherings.
- Following the guidance provided by Orange County, the gym facilities are closed until further notice.

Safety of our residents is our priority. We will continue closely monitoring the situation and will provide updates as more information becomes available.
